Commissioner of Pensions,

Wash., D.C.

My dear Sir:

Can you please assist me in finding the
Revolutionary war record of Ebenezer Durand, private,
who was given a grant of land for his services?

The original military bounty land warrant
issued to E. Durand signed by Pres. Buchanan
is at hand which states detailed facts of same.

I will gladly pay for your assistance in this.

Awaiting an early reply, I am,

Very respectfully,

Mrs. H. [?]. Brockhurst.

Hon. Commissioner of Pensions,
Washington, D.C.

Dear Sir, If possible, will you please send me the record of Ebenezer Durand, who served in the Revolutionary War? We do not know from where he enlisted or with what regiment he served, but as it is understood that he received a pension, it is thought that perhaps your office will be able to enlighten us.

Thanking you in advance, I am,

Very truly yours,
Ray E. Mayham

**DEPARTMENT OF THE INTERIOR,
BUREAU OF PENSIONS,
WASHINGTON, D. D.,**

**O.W. & N. Div.
REVOLUTIONARY.**

January 9th, 1899.

Sir:-

In replying to your communications of the 5th inst., I would first beg to acknowledge receipt of letters from you dated December 5th, 20th and 27th, 1898, and two dated January 5th, 1899, to which this is a reply. It seems, however, that the opening clause of this Bureau's letter of December 28th, 1898, ("In response to your recent communications"), should be a sufficient acknowledgement of letters from you prior to that date, inasmuch as each related to the same subject.

⁵ This Bureau can furnish the military record of only such Revolutionary soldiers as were pensioned or whose widows were pensioned for their services.

Such of the original muster and pay rolls of the Revolutionary War and the War of 1812 as are now in the possession of the Government are on file in the Record and Pension Office, War Department. Original rolls and other records pertaining to service in the Revolutionary War may also be found on file in the archives of many of the original States.

Owing to your apparent entire ignorance of the practice and work of this Bureau I consider it proper to assuage your severe criticisms and also to reply to many inquiries included in yours of the 5th inst., by furnishing an exposition of that part of the Bureau work which has been the means of putting you to so much trouble.

With regard to furnishing information relative to Revolutionary soldiers, I have to state that there is no appropriation by Congress for carrying on work of such a character, but it is done simply as a matter[sic] of courtesy, and one clerk who is employed upon other and more important work of the Bureau has instructions to use any spare time which he may have in complying with requests for information concerning soldiers of the Revolutionary war, when the same is desired for genealogical or patriotic purposes. These calls are very numerous, amounting to several thousand annually; and often, owing to a pressure of other work, it is three or four weeks after receipt before they can be answered; and when it is taken into consideration that a great part of the regular work of the Bureau is nearly a year in arrears it should materially soften a criticism of a delay of three weeks for a reply to inquiries pertaining to work which, owing to there being no appropriation for its execution, cannot be considered "regular work of the Bureau."

Relative to the return of your communication of the 27th ult., which you consider stupidity on the part of the Bureau, you are advised that all mail addressed to the Bureau, (last year it amounted to over 3,871,500 communications), is received in what is called the Mail Division of the Office, where it is opened and the data contained in each communication furnishes the instruction to the clerk opening same for forwarding to that Division of the Bureau, (Eastern, Western, Old War, Middle, etc.,) in which it should receive proper consideration.

Sheet 56

If the communication contains no data, as was the case in yours of the 27th ult., the same is returned to writer for instructions.

Relative to your request for further information concerning Ebenezer Durand, I have to again invite your attention to this Bureau's letter of December 28th, 1898: ("It appears that the soldier received a pension for disabilities incurred in the service but the papers on file in the claim do not show date of commencement, date of application or place of residence at time of making application"). By this you must note the he did "Personally" receive a pension; but the papers not showing date of commencement it is impossible to state "how long". The rate of his pension was \$5.00 per month and was paid at the Connecticut Agency.

It is possible that further information concerning his pension can be obtained upon application to the Hon. Auditor for the Interior

Department, Treasury Department, this city.
Very respectfully,

Commissioner.

Mr. Harvy Durand,
5 West 47th Street,
New York City.

December 28th, 1898.

Sir:-

In response to your recent communications you are advised that Polly, widow, of Ebenezer Durand, made an application for pension on April 20, 1854, at which time she was 79 years of age and residing at Benton, Iowa, and her pension was allowed for the actual service of her husband as a private in the Conn. troops, Revolutionary war. In her application she alleges that her husband enlisted at Litchfield, Conn., January 16, 1778, and was discharged September 1, 1782; that while in the service he was under the command of Capt. Leavenworth or Capt. Humphrey and Col. Meigs; that she was married to the soldier in the county of Litchfield, Conn., June 1st, 1810, her maiden name being Polly Williams; that the soldier died in Litchfield County, Conn., Jan. 31st, 1826.

It appears that the soldier received a pension for disabilities incurred in the service but the papers on file in the claim do not show date of commencement, date of application or place of residence at time of making application.

Very respectfully,

Commissioner.

Mr. Harvy Durand,
5 West 47th Street, N. Y. City.
